

KATHOLISCHE  
PRIVATUNIVERSITÄT LINZ

APRIL 6, 2022, 6-8PM / 18:00-20:00 UHR  
LECTURE HALL 5 / HYBRID MODE

(c) Yoko Shimizu

ONLINE EVENING LECTURE

**FUTURE BIOLOGY:  
CREATIVITY EXPANDS FROM EARTH TO SPACE**

WITH YOKO SHIMIZU

The mechanisms of biology, nature, and the universe provide inspiration for our creative and sustainable future. As an artist and biochemistry researcher, Yoko Shimizu develops innovative technologies and artworks that combine science and art – working with companies, government agencies, museums, and universities around the world. She presents her latest projects on how such syntheses drive creative innovation in the new era of co-creation.

**KUNSTWISSENSCHAFT**

Katholische Privat-Universität Linz
